

Educational Programme Evaluation

Aim:

The aim of this placement is to monitor and evaluate the educational goals of the project, the outcomes, outputs and activities by researching the education program as well as the communities we work in.

Specific Requirements:

- Available for 6 months (preferably 12 months)
- Research skills, skills in creating monitoring and evaluating tools, preferably regarding educational programmes
- Working independently
- Capable of expressing yourself in good English, spoken and written

Job Description:

You will evaluate SK's activities and its outputs/outcomes. You will include the surrounding area of our location in Siem Reap in your research to help SK better understand the social and economic situation of the families we work with. You will evaluate the monitoring and evaluating tools and develop them where needed together with the management team. You teach the local management team how to use the tools. Together you set up goals and strategies for the coming months and years.

Before coming to Cambodia you will exchange ideas with the local staff members and work out your plan. During your stay you are expected to cooperate with the local staff and report on your work on a regular basis. The staff will support you during your internship and help you to set up a working schedule.
