

IT/Computer Teacher Training

Aim:

The aim of this placement is to provide quality training to the local staff members. We are looking for volunteers who want to develop computer training/lessons for the local teachers.

Specific Requirements:

- Available for 3 months (preferably 6 months)
- Experienced with IT/advanced excel/Windows/Office/Computers, preferably experienced in teaching computer classes with programmes such as Scratch
- Capable of expressing yourself in good English, spoken and written

Job Description:

You will monitor and evaluate SK's computer lessons and administrative tools (student reports, monitoring systems, lesson planning etc.). Together with the Educational Manager you will discuss a training schedule and set up and conduct computer training sessions for the local staff. This training will be developed for staff members who are mainly involved in teaching Computing and our administrative staff. It might include advanced Excel and specific programmes for teaching the students.

Before coming to Cambodia you will exchange ideas with the local staff members and work out your plan. During your stay you are expected to cooperate with the local staff and report on your work on a regular basis. The staff will support you during your volunteer time and help you to set up a working schedule.
